Session Retreat Report

We all know the story of Jesus standing on the shore and calling out to the disciples, "Friends, haven't you any fish?" They answered no, then he said, "Throw your net on the right side of the boat, and you will find some." When they did this, they could not haul the net in because of the large number of fish.

When Jesus tells the disciples to cast the net on the other side of the boat, he is being intentional. He's clearly distinguishing between effort and faith-based effort; effort is always a part of the process, but how much more fruitful is effort when paired with faith.

A faith-based effort is a central theme of what we believe God is saying to us about being the church in this post-Christendom era. God is asking us to trust Him as we discover new ways of being church. Trust God when He gives us new strategies for doing some old things. For things that may have been more predictable pre-Covid, God will provide new ideas and new keys for how St John's could be effective in what it's called to do.

Below is a space for prophetic art, doodling or a word you may get during the service. Please date it and put it into the box in the foyer and label whether it is for the church or someone specific.
